Our health and weaning program is as follows:

All calves are vaccinated for blackleg, hemophilus sommus, IBR, BVD, PI3, BRSV, leptospirosis, and pasteurella haemolytica. All vaccinations are complete at least 2 weeks before delivery. All calves are dehorned and healed. All steers are knife castrated and healed.

All calves are weaned a minimum of 30 days from delivery date. A 45 day post weaning period by delivery date is recommended.

All PCMA members are Alabama Beef Quality Assurance certified and will certify the following.

I certify as the producer of lot #s. _____ that the health and weaning program set forth by the Piedmont Cattle Marketing Association has been adhered to.
